Excerpt from: For The Newcomer

NA is a nonprofit fellowship or society of men and women for whom drugs had become a major problem. We are recovering addicts who meet regularly to help each other to stay clean. There are no dues or fees. The only requirement for membership is the desire to stop using.

You don't have to be clean when you get here, but after your first meeting we suggest that you keep coming back and come clean. You don't have to wait for an overdose or jail sentence to get help from NA, nor is addiction a hopeless condition from which there is no recovery. It is possible to overcome the desire to use drugs with the help of the Twelve Step program of Narcotics Anonymous and the fellowship of recovering addicts.

Addiction is a disease that can happen to anyone. Some of us used drugs because we enjoyed them, while others used to suppress the feelings we already had. Still others suffered from physical or mental ailments and became addicted to the medication prescribed during our illnesses. Some of us joined the crowd using drugs a few times just to be cool and later found that we could not stop.

Many of us tried to overcome addiction, and sometimes temporary relief was possible, but it was usually followed by an even deeper involvement than before.

Whatever the circumstances, it really doesn't matter. Addiction is a progressive disease such as diabetes. We are allergic to drugs. Our ends are always the same: jails, institutions, or death. If life has become unmanageable and you want to live without it being necessary to use drugs, we have found a way. This program offers hope. All you have to bring with you is the desire to stop using and the willingness to try this new way of life.

Come to meetings, listen with an open mind, ask questions, get phone numbers and use them. Stay clean just for today.

May we also remind you that this is an anonymous program and your anonymity will be held in the strictest of confidence. "We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help."
